Dear Diane and Ted,

Just a short note to thank you for motivating, educating, and entertaining the 93 people who attended the "Get A Move On" seminar sponsored by Aquila Commons Cooperative.

Downsizing, getting the family home ready to sell, finding a real estate agent, and preparing for a move are obviously top priority with the co-op's buyers and prospective buyers. The feedback we've received has been outstanding.

If anyone has a question about your presentation, just have them call me. I would be happy to let them know how pleased we were.

Sincerely,
